♦ ♦ SIX GRAPE

COLLECTION.

G. W. WHITNEY & CO.

DANSVILLE, : : NEW YORK.

MOORE'S EARLY.

A very early and exceedingly hardy variety; fruit of large size and good quality
Ripens about two weeks earlier than the Concord.

THE NEW
WHITE GRAPE.

NIAGARA.

This new purely native White Grape is a cross between Concord and Cassady. Hardy and as strong a grower as Concord; earlier and better in quality. Bunches large and uniform; very compact. Enormously productive, a four-year-old vine producing 140 clusters, weighing from 8 to 16 ounces each. Possessing qualities as a market grape. Excelling any known variety and decidedly the most valuable for the vineyardist, and is being extensively planted. Selling at 10 to 25 cents per pound, when best California grapes brought 10 to 15 cents. The most desirable white grape ever produced. **THE GRAPE FOR THE MILLION.** Every vine sold at retail, has the seal of Niagara White Grape Co. attached. This is a fac-simile of a cluster sent for lithographing. weighing 19 oz.

STECHER LITH CO. ROCH.N.Y.

BRIGHTON.

Our ten years' experience with this valuable variety warrants us in saying that it ranks as best in all the qualities of a number one family or market grape. It is equal to or better than the Delaware, of larger size, with less pulp, and ripens a week or ten days earlier. The vine is a strong grower; foliage rich and glossy, and the many tests to which it has been subjected indicate that it has no superior for vigor, hardiness, freedom from disease and abundant crops of handsome, luscious fruit.

CONCORD.

Very hardy, productive and popular ; successful over a wider range of soil than any variety.
First known in 1853, and still extensively planted for market and family use.

POCKLINGTON.

Seedling of Concord. Originated in Northern New York. Hardy, healthy, vigorous
and productive. Very valuable.

WORDEN.

Very much like Concord in growth and appearance; ripens earlier and is superior in quality.
A first-rate market and family grape, succeeding generally.

Our Choice.

SIX GRAPES.

SELECTED SORTS COVERING ALL SEASONS AND COLORS

THIS COLLECTION FOR \$2.00.

All in Strong 2 year old No. 1 Vines.

Regular Price List rate would be \$4.25

MOORE'S EARLY. (*Black.*) August.

Raised from seed by John B. Moore, Concord, Mass, in 1872. Bunch large; berry round (as large as the Wilder or Rogers' No. 4); color black, with a heavy blue bloom; quality better than the Concord; vine exceedingly hardy; has never been covered in winter, and has been exposed to a temperature of more than twenty degrees below zero, without injury, and it has been entirely exempt from mildew or disease. Its earliness makes it desirable for an early crop, and more particularly adapts it to New England and the northern portion of the United States, maturing as it does ten days before the Hartford, and twenty before the Concord. Regular price \$1.00

NIAGARA. (*White.*) August.

"This new white grape originated in Lockport, N. Y., in 1868, and is a cross between the Concord and Cassady; first fruiting in 1872; it has since regularly borne large crops of fine fruit. The vine is a remarkably strong grower and very hardy; the leaves are thick and leathery and dark glossy green; bunches very large and uniform and very compact; berries large or larger than Concord and skin thin but tough, which insures their shipping qualities; quality good, very little pulp, melting and sweet to the center; ripens before Concord." All things considered, it is the most valuable white grape in cultivation. Regular price 75c.

BRIGHTON. (*Purple.*) September.

Our experience with the vine and fruit of the Brighton has convinced us more and more thoroughly of its superiority as a family grape. Its remarkable vigor and hardness of vine, large compact bunches, rich wine shade of the ripened berry, delicate skin, tender, almost seedless pulp, sugary juice and rich flavor, are combined qualities that are not united to such a degree in any other sort with which we are acquainted. It ripens a week to ten days before the Delaware and bears most abundantly; having thick, large foliage, it is enabled to withstand the heat of the Summer, and being a vigorous grower, it exhibits extreme hardness, and is enabled to endure the Winter in extreme localities. We commend this sort especially as a standard variety for the vineyard or garden. Regular price 75c.

CONCORD. (*Black.*) September.

A large, handsome grape, ripening a week or two earlier than Isabella; very hardy and productive. Succeeds over a great extent of country, and although not of the highest quality, is one of the most popular market grapes. Regular price 25c.

POCKLINGTON. (*Golden.*) September.

Is a seedling from Concord. Originated and raised from seed by John Pocklington, Washington County, N. Y., an elevated, cold, late locality. The vine thoroughly hardy, both in wood and foliage. Strong grower; never mildews in vine or foliage. Called a white grape, but the fruit is a light golden yellow, clear, juicy and sweet to the center, with little or no pulp; bunches very large, sometimes shouldered; berries round and very large and thickly set; *quality, when fully ripe, much superior to Concord.* It will prove the grape for the million, both for market and for home use; ripens with the Concord. Regular price 75c.

WORDEN. (*Black.*) September.

Said to be a seedling of the Concord. Bunch large, compact, handsome; berries large—larger than those of the Concord. It ripens a few days earlier, and is superior to it in flavor. Destined to become very popular for the vineyard and garden. Regular price 75c.

This is one of the best collections of grapes ever offered and at the price \$2.00 is extremely cheap.

In it you get the choicest of Black, White, Purple and Golden varieties which are adapted to all soils and climates.

Ask Agent to Show you Colored Plates of this Collection.

Remember we grow all our own trees and plants and when we say our stock is first class we know what we are talking about.

Nothing less than the full collection of six (6) vines will be sold.

Do not ask agent to reduce the price on any collection, we have put them down to "Rock Bottom."
